Cargo Theft is a lucrative business on the rise. This is a nationwide issue with significant impact on the U.S. economy. As consumers, it affects us all. Virtually all goods manufactured domestically and internationally are transported by truck and rail within the continental U.S. Cargo Theft accounts for a direct merchandise loss of \$15-\$30 Billion per year! Those losses are ultimately passed on to consumers.

This training will show you exactly how this crime is committed and what you can do to prevent it. It will also cover investigations and prosecution of offenders. Highly recommended for patrol officers, detectives, security personnel and anyone involved in theft prevention and/or investigations.

Our instructors are all recognized experts in their fields, they are:

- * Doreen Sanchez, John Antillon - Special Agents, National Insurance Crime Bureau, Commercial Team
