The World AG Expo is the world's largest annual agricultural exposition with over 1500 displays of the newest farm and heavy equipment products. This free training provides law enforcement professionals the opportunity to become familiar with new products and their confidential PIN locations in a clean and casual environment. This year's keynote presenter is the Kubota Tractor Corporation who will have representatives on hand to discuss their products. The training takes place on a day not open to the general public and is held outdoors so dress accordingly. Hope to see you there.
